

Parental Visitation

We welcome and encourage our parents to visit us. We will enjoy getting to know you. The better you know us, the better you will feel about your child being in our care. We invite parents and grandparents to come and help with classroom projects, holiday celebrations, field trips, and to share gifts and talents they have with the children. Observations should be limited to a 1/2 hour.

Parent Teacher Fellowship

As a part of the campus we encourage strong support of the PTF. PTF has committed to only one fundraiser each year usually in the fall. They are quite generous with sharing their proceeds with the childcare center and in return we participate by contributing items or selling items. Everyone's participation is expected.
